ABOUT ME

At 23 years old, I have developed a strong passion for Computer Science. I am a fast learner and adaptable, always eager to expand my knowledge in this field.

My academic background has given me a solid foundation in problem-solving, programming, and project management. Additionally, I have become proficient in a variety of technologies, including Python, Node, PowerBI, Java, JavaScript, HTML, Docker, CSS, and Haskell, among others.

Some of my projects can be seen at antoniosaborido.es.

LANGUAGES

Spanish: Native

English: Advanced

English Proficiency Certificate (C1) - 2023

EXPERIENCE

Babel SI

October 2023 - Present

I currently hold the position of Full Stack Developer at Babel Sistemas de Información, where I have had the opportunity to participate in projects using the latest technologies, working with Angular for the front-end and Java Spring Tools for the back-end. Additionally, I have worked with SQL databases, which has allowed me to efficiently manage and manipulate data, ensuring the integrity and performance of the applications.

EDUCATION

2024 ITIL Foundation v4 Certificate
PeopleCert

2024 Oracle Course , SQL y PL/SQL
Babel

2019- Bachelor's Degree in Software Engineering
2024 University of Seville
